Indianola Preschool

Our mission is to provide a safe, developmentally appropriate learning environment for preschool aged children. We provide a meaningful experience which promotes social/emotional, physical, cognitive, and language development. Caring and capable teachers nurture each child's natural desire to learn. We value and encourage an active partnership between home and school.

Indianola Preschool offers a true preschool experience with developmentally appropriate activities, field trips, special guests, and events for the whole family.

With strong school-home communication, we provide that positive first step toward your child's educational future. Visit us to see the IPS experience for yourself!

Scholarships are available through 4RKids and Early Childhood Iowa.
