September 2025

CLASSES

The year is starting out great! Almost all our classes are full, and full of energy! Students are sharing lots in their ALL ABOUT ME studies and making new friends. Teachers are encouraging independence in all the school routines and building those self-help skills day-by day.

PLAY = LEARNING

Each month we will focus on an element of play and show how and what students learn through play. This month our focus will be block play. The block center is always one of the busiest centers in the classroom and students can learn a wide variety of things. In all play centers students work on social skills with the peers, language and communication, and more. Specific skills learned in the block center:

- Plan and Build
- Make Shapes and Patterns
- Talk and Cooperate
- Solve Problems
- Measure and Compare
- Using large and fine motor skills

IMPORTANT DATES

October 2: Homecoming Parade
October 3: CLOSED (no school, no childcare) Teacher Training Day
October 6/7: Library Field Trip
October 8/9: Picture Day
October 13: No school, child care open
October 28/29: Nature Center visit
October 30/31: Fall Parties

IPS NEWS

We're going to be in a parade! The Homecoming Parade is a great opportunity for our students to be IN a parade. We know they love to catch candy, but it's a lot of fun to throw it, too! Plan to meet in the high school parking lot around 5:30. The parade starts at 6:00. We will have a trailer this year, big thanks to the Miller Family! You are welcome to walk, push strollers, or drive golf carts. We wear IPS shirts or purple and gold. I'll message on Brightwheel as more information comes out.
Our Library Field Trip is this month. Permission forms will be out this week on Brightwheel! Volunteers are welcome.
